## **A Message from the President**

### **Hello everyone,**

I would like to start my message this month on a positive note, as we all know the course is open for the use of all members, thanks to the relaxation of the government's policy against Covid 19. This is where I would like to thank all those involved in the organisation of the special measures taken to make it safe for all. Obviously the new arrangements require your full attention and compliance to help to protect us all and not least because as you are very aware, there are people living very close to our course who would take great pleasure in letting the authorities know if we were not complying! No mass gatherings in the car park, keep a safe distance, absolute good hygiene and most of all follow the guidance which is everywhere. Special mention for members who are volunteering to act as a starter/marshall for the players. Derek, thank you for your time in setting up the online booking system. Without this I'm sure we would be unable to open, plus Weggie for his fantastic effort and energy doing all the other jobs that needed to be done to support the re-opening.

As you all know by now, John Stokes is giving up his term as our Secretary and I would like to say what a great pleasure it has been to work with John since I became President. I am sure I speak for all the directors, both past and present, in thanking John for his years of dedicated service, especially his involvement with the new clubhouse project. So now John I wish you good health to enjoy all your travel plans as soon as we are able to. We welcome Brian Best back on a temporary basis as the stand in Secretary. Brian has a wealth of experience in this role after being Secretary for several years during the period before John. Brian I thank you for this on behalf of all members. I would now like to offer my sincere condolences to the families of Graham Hughes and Ron Thompson who have both been taken from us by this terrible virus. Both Graham and Ron gave so much to the club they loved, I particularly will not forget Graham as last year's Father Christmas.....

Finally our dear friend Dave Atkins lost his battle with Leukaemia. Dave was a fantastic character, well loved by the ladies and well respected by the men's section. As an ex-serviceman I feel sure Dave would have enjoyed VE Day. Sadly this was not to be. I will remember how Dave carried out his duties as Captain of the Old Salts, excelling in the role and fulfilling his responsibilities with military precision. Rest in peace Dave.

I just want to finish by saying I am sure you all join me in hoping for a safe return to a more settled and positive way of life in the not too distant future. I think we may need to be patient. Take care everyone, stay safe.

**See you next time. John**

**Please send me all your photos and stories for inclusion**

# ANSWERS

- 1. A player's ball in the rough lies in the loose material caused by a rabbit digging a hole. The player is entitled to free relief.**
- 2. Temporary water includes puddles caused by rain on a putting green.**
- 3. In stroke play, if a player, when starting a hole, plays from outside the teeing area, the player incurs a penalty of two strokes and the ball must be played as it lies.**
- 4. When the edge of ground under repair is defined by a line on the ground, the line itself is in the ground under repair.**
- 5. C gets penalty of 2 strokes. As C arrived and was ready to play within five minutes after his starting time, he gets a penalty of two strokes for failure to be ready to play at the start time established by the Committee (see Exception 1 to Rule 5.3a). If C had arrived more than five minutes after his starting time, the penalty would be disqualification.**
- 6. Wind and water are outside influences.**
- 7. A caddie is always permitted to give their player advice.**
- 8. The player is disqualified. A player may get information on distance or direction from a distance measuring device, however such a device must not be used to measure elevation changes. As the player used the device on two separate occasions he would be disqualified (Rule 4.3).**
- 9. A player's ball is found by another player 2 minutes and 50 seconds after she began searching for the ball. It takes the player 30 seconds to get to her ball and identify it as hers. As the ball was identified after the three minute search time had finished, the ball is considered lost.**
- 10. If natural forces (such as wind or water) cause the player's ball at rest to move, there is no penalty and the ball must be played from its new spot. There is an exception to this which states that if the ball on the putting green moves after it had already been lifted and replaced, the ball must be replaced on its original spot, however as the ball had not been lifted, that does not apply here (Rule 9.3).**
- 11. Correct answer False**
- 12. A player may not make a ball lost by a declaration. A ball is lost only when it has not been found within three minutes after the player or his or her caddie or partner begins to search for it. See Interpretation Lost/1.**

13. Player A must play his provisional ball after Player B hits her tee shot. When a player will play a provisional ball from the teeing area, the order of play is for all other players in the group to make their first stroke on the hole before the player plays the provisional ball (see Rule 6.4c).

14. The stroke counts and the player gets two penalty strokes and the ball is played as it lies.

15. The player must continue with the original ball.

16. Player B, If the side decides to play a provisional ball, it must be played by the partner whose turn it is to play the side's next stroke (Rule 22.3).

17. False.

18. True
